MODULAR FLOORING TILES FOR GYM APPLICATION

Diamondtrax FLEX

*Jet Black & Slate Grey Only

The only Swisstrax style constructed with a unique thermoplastic elastomer material. The solid, flexible surface and classic diamond plate design offers the ultimate in comfort, shock absorption and impact resistance. Designed specifically to withstand heavy weights and high intensity workouts.

Diamondtrax HOME

Constructed of pure, resilient Polypropylene with a solid surface and classic diamond plate design. Ideal for multi-use areas that require additional durability, such as Garage Gyms with vehicles present.

Ribtrax PRO

Constructed of pure, resilient Polypropylene and available in 18 colors. Ideal for multi-use areas that require additional durability, such as Garage Gyms with vehicles present. This unique, eye catching style is also self-draining and extremely low maintenance.

Ribtrax SMOOTH

Constructed of pure, resilient Polypropylene and available in 10 colors. Ideal for multi-use areas that require additional durability, such as Garage Gyms with vehicles present. The smooth, level surface provides comfort while perforations in the tile allows for drainage and reduced maintenance.

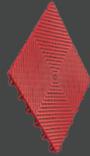

Vinyltrax

Constructed of a commercial grade vinyl inlay and a resilient Polypropylene base. Ideal for multi-use areas that require a stylish, high end finish. Scratch resistant surface and strong enough to handle cardio machines. The underside can be routed out to hide cables/wires to improve the safety and appearance of the area.

Light Maple

Easy On Joints

Unique thermoplastic elastomer material is impact resistant and flexes with your movement.

Antimicrobial

Non-porous surface is easy to clean and inhibits the growth of bacteria, mold, mildew and more

Scuff Resistant

Micro-diamonds help reduce the appearance of overall surface wear and tear, keeping your floor looking newer, longer.

DIY Assembly

Unlike paint and hardwood, Swisstrax modular flooring tiles can be installed in just hours, not days. There are no chemicals, no toxic fumes, and you don't have to clean out your whole space and wait days before moving your personal belongings back in!
