# GARAGE FLOORING

Swisstrax offers an ideal alternative to standard concrete and epoxy flooring. It is the perfect option to enhance the look of your garage or man cave space. Cover up floor imperfections such as cracks, stains, lifted epoxy spots or just plain old boring concrete in just hours not days.

Our modular flooring systems are eye-catching, simple to assemble, easy to maintain and backed by industry leading warranties. Swisstrax tiles are also chemical resistant to any fluids you would find in a home or garage. Whether you experience snowy winters or hot, humid summers, Swisstrax has a solution that will fit your flooring needs! With 4 tile styles, 6 hardwood grains and variety of colors to choose from, you can customize your garage and be the “talk of your block.”

***Do it Yourself***

Unlike paint and epoxy, Swisstrax garage floor tiles can be installed in just hours, not days. There are no chemicals, no toxic fumes, and you don't have to clean out your whole garage and wait days before moving your stuff back in!

***Chemical Resistant***

Industrial strength, Swisstrax garage floor tiles are resistant to oil, gas, acid or solvents including Skydrol and Alkalis.

***Slip Resistant***

Swisstrax garage floor tiles are a safe solution to moisture creating a slip resistant surface.

***UV Protected***

Tiles are provided with a 5 year Pigment Package for UV protection.
